- A. Water Dispenser in each Kaiapuni classroom - Noelani Kauahikaua.
1. Info originally shared at Nov meeting. The concern was brought up regarding safety of our keiki. Classrooms & weather in general can be especially hot, especially Aug-Dec & Mar- May. Unanimous support at that meeting for Hui Makua to move forward with exploration. Kumu Dukie expressed that he didn't want one in papa mālaa'o.
  2. Menehune Water did a free trial for a week in 3 classes: papa 6, papa 1, papa 7. It was really well received, especially in the upper grades! Papa 6 finished 1 bottle in 3 days. Papa 7 finished ½ bottle by end of the 5 days. They would like to get hot water dispenser as well (Menehune can provide with no extra charge.) Keiki used water break to break up lessons, brought their own cups. Also didn't have to walk to cafe during the day to get cold water. Taste was good. Papa 1- didn't use much because most keiki bring full water bottles to school
  3. Aloha Water- no response, tried several ways over months
  4. Menehune Water- Delivery is FREE every 10 business days; can be delivered to each classroom. (Custodian not allowed to). Minimum 10 bottle per month required. Minimum 4 month service agreement required, but can be broken up, doesn't have to be consecutive (breaks). Estimated \$2/month electric charge per cooler unit. Cooler unit can be turned off during breaks. First bottles ordered are free. \$10 bottle deposit per bottle. Changes in delivery and/or if you are closed for a length of time (winter break, summer, etc.) -notify Menehune at least 2 business days before your scheduled delivery, in which they can stop deliveries during these times.

\$10/Bottle (estimate 2 per class- can be placed in rooms that need more water) =	\$140
