A statement needs to be added to emails that we forward/share, on behalf of members for purely informational purposes, clearly stating that we do NOT support any views other than those to support Ke Kula Kaiapuni `o Pū'ōhala, as stated in our Mission. CAS will get Ardis a copy of regulation about this gray area.

Implementation guide for kaiapuni will help to define if a school is operating as a Kaiapuni school or not. If they're not, school won't get funding for those positions.

F. HB 910 funding from DOE budget for OHE. Bill got deferred which means it's dead for rest of year. Chair of House will advocate for line items to be put back in, so there still may be chance to support this. Originally DOE and BOE had approved this money, then cut it back which included cutting back on WSF, OHE funding, SPED, etc. Kaanoi will draft letter to show support.
