    - c) Academic review & academic financial plan
    - d) Unity & equity on both sides to enhance education. Ie. separate student council. Are they duplicating efforts?

There is no standardized test on kaiapuni side to have data to show SPED. just kumu data over time & classroom observation

- G. Copy machine access
  - 1. There are files that confidential, could be things on the desk, or in the fax machine.
