IV. Clarabal v State - Ka'ano'i Walk

A. Background- 'ohana moved to Lanai, requested Kaiapuni from DOE school on island. DOE provided Hawaiian studies type teacher who could not 'ōlelo. Student's 'ohana took it to court. Lower state court ruled State's Constitutional obligation fulfilled. 'Ohana escalated to Hawaii State Supreme court where they referred back to 1978 Con-Con which states importance to have a thriving, fluent speakers. HI State supreme court later ruled the state must provide reasonable access to education in 'ōlelo Hawaii. Exciting outcome because this ruling can be built in to support other areas. After this ruling we saw soon Hawaiian language classes offered to all state employees, extra pay for Kaiapuni kumu.

B. Mana'o: Is state providing reasonable access to our Kaiapuni students if they are in over crowded, understaffed classes? Need to bring down the student/teacher ratio. Papa M should be split. Dukie has wide range of students from strong Pūnana speakers, to those with no 'ōlelo to those with no preschool experience. Importance of "'o ke kahua ma mua, ma hope ke kūkulu." Especially in Papa M. All kumus above have been saying they are all playing catch up from grade below. Makua want large classes to be broken up with an additional classroom teacher. Not by added part time kumu here and there. Not enough. How do we address this? Letters & requests to school admin & makua surveys recently sent out by school
